

Industrial Ventilator Special Bases

Refer to product table below for applicable product codes covered by this document

Issue **C**

Product Type & Application

Bradford® Ventilation Industrial Ventilator Special Bases are designed to be used with the Hurricane® and EcoPower® ventilators. Industrial Ventilator Special Bases are custom made to a specific roof type and roof pitch replacing the standard ventilator varipitch and flashing.

Compliance with the NCC

There are no relevant clauses within the NCC for this product to comply with.

Evidence of Suitability

There are no relevant clauses within the NCC to show compliance with – refer to the Additional Data section of this PTS for other compliance data.

Conditions of Storage, Use & Maintenance

- Store in the original packaging in a cool and dry area.
- These products require regular checking for wear/tear.
- These products require regular inspection and maintenance, which should be increased in frequency when used in harsh environments.
- Do not attempt to repair – contact Bradford Ventilation for service advice.

Refer to the product warranty at bradfordventilation.com.au for more information.

Limitations of Use

- **IMPORTANT** - Do Not Modify This Product: Performance and safety are only achieved by the product or configuration listed in this PTS.
- Do not use for exhausting hazardous, abrasive, acidic and alkaline vapour or areas containing explosive or corrosive materials.
- This product has not been tested for use in cyclonic wind regions C or D.
- This product is not suitable for use in Bush Fire BAL-12.5 to BAL-40 or BAL-FZ rated areas.
- These products are designed to be used with Bradford Ventilation Hurricane® and EcoPower® ventilators only.
- Seek technical advice from Bradford Ventilation on application suitability if unsure.

Specific Design or Installation Instructions

- Isolate power before installation.
- The ventilator turbine that will be attached to this special base product must be installed upright to ensure correct operation.

For general installation guidance refer to the product installation guide at www.bradfordventilation.com.au
